

Bridging science, practice and policy

Introduced tree species in European forests: challenges and opportunities

Monday 5th December 2016

Permanent Representation of the Czech Republic to the EU

15 rue Caroly, 1050 – Ixelles, Brussels, Belgium

The aim of this policy event is to bring scientists, practitioners and policy makers together in order to discuss the effects of introduced and invasive tree species on European Forests.

A set of presentations will be followed by a chaired panel discussion on the topic of introduced tree species.
